

The Montreal Home Appliance Maintenance Checklist

Capital Appliance Repair - print it and tick the boxes

Refrigerator and freezer

- ☐ Vacuum the condenser coils twice a year
- ☐ Wipe door gaskets and check the seal with a bill test
- ☐ Keep the freezer under a quarter inch of frost
- ☐ Clear the drip pan and drain of gunk

Oven and stove

- ☐ Wipe spills before they bake on
- ☐ Clean range hood filters monthly
- ☐ Check gas burner flames are steady and blue
- ☐ Test the door seal so heat does not escape

Dishwasher

- ☐ Clean the filter every few weeks
- ☐ Run a vinegar cycle monthly for hard water buildup
- ☐ Wipe the door gasket and spray arm holes
- ☐ Check the drain hose for kinks

Washer and dryer

- ☐ Leave the washer door open to dry between loads
- ☐ Clean the lint trap every single load
- ☐ Clear the full dryer vent line at least once a year
- ☐ Inspect washer fill hoses for bulges or cracks

Something already acting up? Capital Appliance Repair covers all of Montreal. Book a technician early.
